

Research Capabilities Statement

Core Competencies

JetCo Solutions serves as an embedded government sales and marketing team for our clients. We provide clients with ongoing support that includes the entire government sales and marketing life cycle, including capture activities, research, bid search engines, bid/no-bid evaluation guidance, proposal management, and post-submission support.

JetCo Solutions provides data-driven tools and resources to help you focus your government sales effort.

Capabilities

- Broad research to identify programs, target agencies, and competitors
- Deep research to understand contract level or program level data, helping you bid intelligently
- Significant investment in multiple paid search engines
- Assessments of competitors and agencies

Client Achievements

• JetCo Solutions connected with an auditing firm who did not have the dedicated resources and talent to identify the correct bids. Because of this, they were missing out on opportunities. The JetCo Solutions team integrated critical thinking, industry knowledge, talent, and the correct tools, resulting in \$2.8 million in contract wins for the client.

Differentiators

- Help clients sell to all levels of government
- Ongoing support throughout the entire government sales and marketing life cycle
- In-depth reporting capabilities
- Client loyalty - we don't work with our clients' competitors
- Company success measured by client success and the collective value of contract wins

Research Capabilities Statement

Our Clients

JetCo Solutions clients have excellent capabilities, experience, and expertise in their industry. They are highly qualified and have decided to sell to government. None of our clients can compete because we won't represent two companies that could be competitors. If we don't think you will be successful in government, expect us to tell you.

Clients that maximize our services provide the following resources to support government sales:

- Designate a responsive point of contact and ensure they have executive support for this effort
- Provide information for infrastructure activities
- Provide input for B2G marketing strategies
- Respond quickly to opportunities to determine bid/no-bid and to authorize submissions
- Respond quickly to requests for pricing and assets required for bid responses; quickly review written proposals prior to submission

Small and Strong

The results speak volumes. JetCo Solutions has won over \$4 billion in contract awards for clients - and 98% of the wins are for small business clients.

Awards

- 2017 recipient, Michigan 50 Companies to Watch
- 2015 recipient, EPIC Veteran Owned Business of the Year
- 2012 recipient, Entrepreneur of Distinction Award
